

The Music Therapy Students Scientific Circle kindly invites you to the

II International Conference for Students of Music Therapy

The conference will take place at the Karol Lipiński Academy of Music in Wrocław between 25th and 26th of May 2011. This year we would like to invite a representative of each music therapy centre to present one workshop about the field of music therapy which is the most developed in ones centre and one paper about it's activity. It will give us a chance to share experience with various centers of music therapy in Poland and abroad. We offer you participation in interesting workshops and student's integration with a big dose of music ☺
